

Caring Cabin Eligibility Requirements

If your child is receiving active treatment for cancer or being treated with chemotherapy for a related blood disease, or is facing a terminal illness, we may be able to offer some comforting moments to your family. Please review our initial cabin eligibility requirements and see if your family is eligible to apply to stay in our wonderful respite home.

- In addition, the family takes full responsibility for their needs including their child's medical need as no medical or support staff is on site at the Caring Cabin.

Cabin Features:
