## **About Children's Cancer Association**

### **We prescribe joy.**

The Children's Cancer Association knows that for seriously ill children and their families every moment is precious. That is why our programs leverage music, nature, friendship, and resources to create transformative moments of joy for over 30,000 children, teens, and their family members each year.

CCA didn't start with a foundation, it started with a family. One who faced its own battle with serious pediatric illness in Portland, Oregon. From that experience came a passionate focus on the moment, and a commitment to deliver immediate help to kids when their need is the greatest.

## **Children's Cancer Association Programs & Resources**

**CCA's innovative, free-of-charge programs of JoyRx leverage music, nature, friendship, and resources to create transformative moments of joy for seriously ill children and their families.**

### **MyMusicRx®**

MyMusicRx delivers the healing power of music to kids facing cancer and other serious illnesses. Our bedside and digital website MyMusicRx.org engage hospitalized children of all ages and diagnoses, relieving stress, anxiety, and perception of pain.

MyMusicRx Digital is available nationwide at MyMusicRx.org, where kids can select from exclusive videos, games, and music lessons based on how they want to feel. As members save their favorite videos, MyMusicRx.org gets smarter and makes personalized song and activity recommendations to help them feel better, faster.

### **Chemo Pal®**

CCA's award-winning Chemo Pal mentors play games, listen to music, share hobbies, or simply offer the comfort of companionship, relieving the anxiety, loneliness, and isolation experienced by children in treatment.

### **The Alexandra Ellis Caring Cabin™**

Nestled in 24 acres of surrounding woods with plentiful wildlife and a serene lake, the Alexandra Ellis Caring Cabin provides children in treatment, and their extended families, with an essential health connection to nature and healing.

### **NatureRx**

CCA's newest pilot program offers specialized outdoor adventures for teens and young adults. NatureRx outings are staffed by CCA program leaders, medical professionals, and expert outdoor instructors. Each Portland-area outing includes food, gear, and access to all required equipment.

### **Link**

CCA's Link program takes the profound emotional and financial hardships of serious pediatric illness head on, engaging a network of caring people and organizations to provide families with essential needs assistance and support. Some other examples of support Link provides:

**Joy for the Holidays:** CCA's annual holiday family support program that delivers compassion and joy to families with a seriously ill child who are experiencing severe financial difficulty.

**House Cleaning Project:** Helps to relieve stress and bring piece of mind through the simple act of providing a clean house and tidy yard. Groups can provide interior or exterior maintenance through tasks like pulling weeds, washing the car, painting, sweeping, vacuuming, and dusting.

**Packs of Joy:** Eases the financial burden and pressure of purchasing school supplies by engaging our community partners to provide new backpacks filled with school supplies and other necessities for elementary, middle, and high school aged kids and teens receiving treatment at local hospitals.
